

HEALTHCARE

CONTINUING EDUCATION & WORKFORCE DEVELOPMENT

CAREER FOCUS

Prerequisite for: Nurse Aide 1, Pharmacy Technician, Clinical Medical Assistant, Phlebotomy, Cardiovascular Monitor Technician

This course provides employability and success skills training for individuals seeking to enroll in Healthcare Courses. Students will receive an overview of success skills and complete assessments to measure individual assets and limitations.

Cost

Registration: \$70 (cost may be fee-waived)

Target Audience

Individuals who are unemployed, or seeking new careers

Objectives

The individual will use skills acquired to set a course to personal success.

Course Outline

- Success in Healthcare occupations
- Positive self-concept
- Communication Skills
- Critical Thinking
- Basic Employability Skills Assessments

Course Evaluation

Instructors will evaluate student's progress through formal/informal methods; for example, exercises, tests, quizzes and assignments. Continuing Education evaluation forms will be used. For a satisfactory certificate of completion, 70% attendance in class is required.
