Mental Health and Wellness

Prehospital healthcare is a service industry type of profession. We help others in their time of need, which is very rewarding yet also very stressful.

Pride and ownership for your profession while helping others in their time of need are amazing experiences. With this in mind, maintaining a healthy balance related to your mental and physical health are extremely important.

Find constructive and healthy hobbies that you enjoy, eat reasonably well, stay active, and always make some healthy time for you.

HISTORY & PHYSICAL CERTIFICATION FORM FOR EMS STUDENT JOB FUNCTIONS

The North Carolina Community College System and other national standards require that Emergency Medical Services (EMS) students have a History and Physical completed by a Healthcare Provider (HCP) certifying that they are physically and emotionally able to perform the duties of a health professional in providing safe care to patients. In addition, the student is required to provide proof of immunity to certain diseases, and complete screening for tuberculosis. The student has a list of these requirements should he/she require your assistance in completing them.

To the HCP: Please use your office forms to complete the H&P. BCC does not require a form for our files. We only require that this page be completed, stamped, and returned to us. The student has a list of EMS job functions to share with you.

Please complete the following:

Student (patient) _____ DOB: _____

I have examined the above named patient on this date, _____, and based on my assessment of this student's physical, mental, and emotional health he/she appears:

ABLE to participate in the activities of an EMS student in the clinical setting.

NOT ABLE to participate in the activities of an EMS student in the clinical setting

If no, please explain _____

_____/_____/_____
Signature of MD/NP/PA Date

Name/Stamp Phone

Office Address (Street, City, State, Zip)

To be completed by the Student:

I understand that in certain situations I may be required to provide a copy of my History & Physical to a clinical affiliate partner at their request, per the clinical and field contracts. An example would be a review of the institution by an accrediting or oversight organization (i.e. NCOEMS, CoAEMSP, CAAHEP, OSHA, etc.). I also understand, and agree to maintain my health during my enrollment in the EMS program, and to seek assistance when needed, knowing that a failure to do so may compromise the health and safety of the patients in my care.
