Course Registration

Follow the instructions in the AEMT
Registration Process section located in
the QR code and hyperlink above.

EMS-4300-51696

Advanced EMT(AEMT) Initial

Course Registration Process
October 7, 2025 – February 18, 2026
BCC Section #51696

Welcome to the Brunswick Community College EMS Program!

Here are some important items related to our **Advanced-EMT Initial** course that begins on **October 7, 2025**. The course meeting locations will vary, with most being held at our Main Campus located at 50 College Road NE, Bolivia, NC 28422, and several at our Leland Campus, located at 2045 Enterprise Boulevard, Leland, NC 28451; see calendar for details.

Registration Steps

Step 1- Gather these documents:

1. High School Diploma, GED, or approved equivalent
2. Proof of college-level Reading and Math levels
 - a. Transcript showing completion of college-level English and Math courses, **or**
 - b. Results from a reading comprehension placement test showing college-level Reading and Math, must be taken between October 6, 2024 and October 6, 2025. Bring a copy of the results when you register **and** the first night of class. Please contact The Learning Center at 910-755-7334 to schedule an appointment.

Practice questions and study tools are available at

<https://brunswickcc.edu/resources/the-learning-center/> .

3. Current and valid EMT credential (*due by November 20, 2025*).
4. If your public safety agency is covering the Insurance and Supply fees you must have a letter stating that on their official agency letterhead. The letter must also list the actual fee amounts (\$100 Supply Fee and 57.50\$ Insurance Fee).

Step 2- Bring the above documents and method of payment (see fee schedule below) to **One-Stop/Admission's Office** located at BCC Main Campus, located at 50 College Road, Bolivia, NC 28422, on the first floor of Building A (main building with the large outside staircase). You will complete the registration form at this time.

Monies due at time of DIDACTIC (classroom portion) registration is \$337.50 (Section #51696)

Registration Fee	\$180.00 (unless fee exempt under NCCCS waiver)
Insurance Fee	\$57.50
Supply Fee	\$100.00

Monies due at time of CLINICAL (clinical/field portion) registration is \$180.00 (Section 51695) *Due on November 18, 2025, for Clinical registration process*

Registration Fee	\$180.00 (unless fee exempt under NCCCS waiver)
------------------	---

Step 3- Begin gathering your health records (listed at bottom of page) and purchase the required textbook package from our bookstore our by using the discounted web links located on page 5 of this document. You will also need a current completed History & Physical Certification Form from a physician; this form is included in this document. STEP 3 items are **NOT** due at the time of registration.

Other items and *fees associated with class

- Textbook Package **\$340.00- \$420.00** (varies based on electronic or printed package and where purchased). AAOS Advanced Emergency Care and Transportation of the Sick and Injured, 4th Edition, with internship package, Fisdap unit exams and Fisdap comprehensive exams. *Due the first week of class.*
- MyClinicalExchange **\$39.50** - *Due by October 25, 2025.*
- Complio for Clinical **\$142.00** - Includes criminal background check and drug screening. Any felony convictions or pending misdemeanors are not allowed, except some minor traffic violations. *Due by October 25, 2025.*
- BCC Clinical Polo Shirt **\$33.00** – available for purchase in the BCC Bookstore.

****Fees subject to change***

Other uniform requirements that you will need are blue or black EMS-style pant, black boots, black belt. *These are due by October 25, 2025.*

****Health Records** (*due by October 25, 2025*).

- a. Physical screening performed by a physician attesting student is fit for AEMT duties (must use the BCC History & Physical Certification Form, included on page 7 of this document). A current departmental EMS/FF OSHA physical will also count.
- b. Immunizations/Vaccinations- Several of these are childhood immunizations which may be found through your physician, the county health department, or your parent or guardian. If you cannot locate these records, you can take a simple blood test, called a titer test, which checks for antibodies for many of these required items. A positive

titer test means you have some immunity (a titer test must have positive result to count).

- i. Current Influenza (flu) Vaccination (required October - March)
- ii. Two (2) Measles, Mumps, Rubella (MMR) vaccinations or positive antibody titer
- iii. History of Chicken Pox (documentation required) or two (2) Varicella immunizations
- iv. TB skin test (PPD within the past year) or chest x-ray or TB Screening form. This is a **two-step process**, required two separate TB skin tests performed and read within 7-21 days of each other. The QuantiFERON-TB Gold blood test will also meet this requirement. TB screening is due every 12-months. Contact your physician or county health department to have this accomplished.
- v. Tetanus vaccination within the last 10 years (must remain current during the EMS course).
- vi. Three (3) Hepatitis B vaccinations or a signed declination statement.
- vii. Completed COVID-19 series is **not** currently required.

***Cost can vary by medical provider and your personal medical insurance coverage. Immunization requirements subject to change by clinical site.*

Additional requirements can be found in the NCOEMS Candidate Handbook: https://oems.nc.gov/wp-content/uploads/2023/12/NCOEMS-Candidate-Handbook_11052023_DHSR.pdf

Required Textbook and Related Online Content

AAOS Advanced Emergency Care and Transportation of the Sick and Injured, 4th Edition, with internship package, Fisdap unit exams and Fisdap comprehensive exams.

DO NOT purchase a used textbook, as the codes will not work for this course. Books are available at the BCC bookstore or through these two discounted options:

Physical Textbook with digital content:

www.jblearning.com/cart/Default.aspx?bc=26057-1&ref=psg&coupon=BRUNSCC

Digital Content Only (no physical textbook):

www.jblearning.com/cart/Default.aspx?bc=28981-7&ref=psg&coupon=BRUNSCC

Functional Job Analysis/Characteristics and Expectations

The U.S Bureau of Labor and Statistics has occupational information on all levels of EMS providers. These list the common work environments and other job information, which can be found here:

<https://www.bls.gov/ooh/healthcare/ems-and-paramedics.htm>

Mental Health and Wellness

Prehospital healthcare is a customer service industry type of profession. We help others in their time of need, which is very rewarding yet also very stressful.

Pride and ownership for your profession while helping others in their time of need are amazing experiences. With this in mind, maintaining a healthy balance related to your mental and physical health is extremely important.

Find constructive and healthy hobbies that you enjoy, eat reasonably well, stay active, and always make some healthy time for yourself. Make and keep friends outside of EMS! A proper yoga regimen is a great low-impact way to improve health and improve core body strength.

NCOEMS Candidate Handbook

More information on NCOEMS requirements for students can be found at:

https://oems.nc.gov/wp-content/uploads/2023/12/NCOEMS-Candidate-Handbook_11052023_DHSR.pdf

Course Approval

Students should contact the EMS Program Director to ensure they meet the requirements prior to registering for the Advanced EMT course.

Chip Munna, EMS Program Director

munnaj@brunswickcc.edu or 910-755-7387

All EMS courses in North Carolina fall under the authority of the state agency NC Office of Emergency Medical Services (NCOEMS). NCOEMS sets the educational requirements for all EMS programs in our state.

Per NCOEMS Rule, students have 90 days from the date of completion of the course to make their first attempt at the North Carolina State EMT Exam

"The Brunswick Community College Paramedic program holds a Letter of Review, which is NOT a CAAHEP accreditation status, but is a status granted by the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP) signifying that a program seeking initial accreditation has demonstrated sufficient compliance with the accreditation standards through the Letter of Review Self Study Report (LSSR) and other documentation. However, it is NOT a guarantee of eventual accreditation."

HISTORY & PHYSICAL CERTIFICATION FORM FOR EMS STUDENT JOB FUNCTIONS

The North Carolina Community College System and other national standards require that Emergency Medical Services (EMS) students have a History and Physical completed by a Healthcare Provider (HCP) certifying that they are physically and emotionally able to perform the duties of a health professional in providing safe care to patients. In addition, the student is required to provide proof of immunity to certain diseases, and complete screening for tuberculosis. The student has a list of these requirements should he/she require your assistance in completing them.

To the HCP: Please use your office forms to complete the H&P. BCC does not require a form for our files. We only require that this page be completed, stamped, and returned to us. The student has a list of EMS job functions to share with you. Please complete the following:

Student (patient) _____ DOB: _____

I have examined the above named patient on this date, _____, and based on my assessment of this student's physical, mental, and emotional health he/she appears:

☐ **ABLE** to participate in the activities of an EMS student in the clinical setting.

☐ **NOT ABLE** to participate in the activities of an EMS student in the clinical setting

If no, please explain _____

Signature of MD/NP/PA _____ Date _____/_____/_____

Name/Stamp _____ Phone _____

Office Address (Street, City, State, Zip) _____

To be completed by the Student:

I understand that in certain situations I may be required to provide a copy of my History & Physical to a clinical affiliate partner at their request, per the clinical and field contracts. An example would be a review of the institution by an accrediting or oversight organization (i.e. NCOEMS, CoAEMSP, CAAHEP, OSHA, etc.). I also understand, and agree to maintain my health during my enrollment in the EMS program, and to seek assistance when needed, knowing that a failure to do so may compromise the health and safety of the patients in my care.

Signature _____ Date _____/_____/_____

Print Name _____
