Caroline ECS 9e Flipped with Comp - Unit Exams

MyClinicalExchange      **\$39.50** - Due by March 14, 2026 (sooner is better).

Complio for Clinical      **\$142.00** - Includes criminal background check. Any felony convictions or pending misdemeanors are not allowed, except minor traffic violations. Includes drug screening; dates and location will be assigned. *Due March 23, 2026.*

BCC Clinical Polo Shirt      **\$33.00** – available for purchase in the BCC Bookstore.

Other uniform requirements that you will need are blue or black EMS-style pant, black boots, black belt. *These are due by April 22, 2026.*

**\*Health Records (due by March 23, 2026).**

- a. Physical screening performed by a physician attesting student is fit for AEMT duties (must use the BCC History & Physical Certification Form, included in this document). A current departmental EMS/FF OSHA physical will also count.
- b. Immunizations/Vaccinations (**DUE by March 20, 2026**). Several of these are childhood immunizations which may be found through your physician, the county health department, or your parent or guardian. If you cannot locate these records,

you can take a simple blood test, called a titer test, which checks for antibodies for many of these required items.

- i. Current Influenza (flu) Vaccination (required October - March)
- ii. Two (2) Measles, Mumps, Rubella (MMR) vaccinations or positive antibody titer
- iii. History of Chicken Pox (documentation required) or two (2) Varicella immunizations
- iv. TB skin test (PPD within the past year) or chest x-ray or TB Screening form. This is a **two-step process**, required two separate TB skin tests performed and read within 7-21 days of each other. TB screening is due every 12-months. Contact your physician or county health department to have this accomplished. A QuantiFERON-TB Gold blood test also meets this requirement.
- v. Tetanus vaccination within the last 10 years (must remain current)
- vi. Three (3) Hepatitis B vaccinations or a signed declination statement.
- vii. Completed COVID-19 series is **not currently** required.

*\*Cost can vary by medical provider and your personal medical insurance coverage*

- BIO-165 & 166: Anatomy and Physiology I & II (Must complete both sections)
- BIO-168 & 169: Anatomy and Physiology I & II (Must complete both sections)

## **Functional Job Analysis/Characteristics and Expectations**

The National Highway and Traffic Safety Administration has a Functional Job Analysis for all levels of EMS providers. These list the minimum expectations for all levels of EMS provider. The Paramedic expectations are located at <https://brunswickcc.edu/wp-content/uploads/2025/01/Functional-Job-Analysis-Paramedic.pdf>

## **Mental Health and Wellness**

Prehospital healthcare is a service industry type of profession. We help others in their time of need, which is very rewarding yet also very stressful.

Pride and ownership for your profession, while helping others in their time of need, are amazing experiences. With this in mind, maintaining a healthy balance related to your mental and physical health is extremely important.

Find constructive and healthy hobbies that you enjoy, eat reasonably well, stay active, and always make some healthy time for you. Make and keep friends outside of EMS!

All EMS courses in North Carolina fall under the authority of the state agency NC Office of Emergency Medical Services (NCOEMS). NCOEMS sets the educational requirements for all EMS programs in our state.

*Per NCOEMS Rule, students have 90 days from date of completion of the course to make their first attempt at the North Carolina EMS credentialing exam.*

*"The Brunswick Community College Paramedic program holds a Letter of Review, which is NOT a CAAHEP accreditation status, but is a status granted by the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP) signifying that a program seeking initial accreditation has demonstrated sufficient compliance with the accreditation standards through the Letter of Review Self Study Report (LSSR) and other documentation. However, it is NOT a guarantee of eventual accreditation."*

## HISTORY & PHYSICAL CERTIFICATION FORM FOR EMS STUDENT JOB FUNCTIONS

The North Carolina Community College System and other national standards require that Emergency Medical Services (EMS) students have a History and Physical completed by a Healthcare Provider (HCP) certifying that they are physically and emotionally able to perform the duties of a health professional in providing safe care to patients. In addition, the student is required to provide proof of immunity to certain diseases, and complete screening for tuberculosis. The student has a list of these requirements should he/she require your assistance in completing them.

**To the HCP: Please use your office forms to complete the H&P. BCC does not require a form for our files. We only require that this page be completed, stamped, and returned to us. The student has a list of EMS job functions to share with you.**

**Please complete the following:**

Student (patient) \_\_\_\_\_ DOB: \_\_\_\_\_

I have examined the above named patient on this date, \_\_\_\_\_, and based on my assessment of this student's physical, mental, and emotional health he/she appears:

**ABLE** to participate in the activities of an EMS student in the clinical setting.

**NOT ABLE** to participate in the activities of an EMS student in the clinical setting

*If no, please explain* \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Signature of MD/NP/PA \_\_\_\_\_ / \_\_\_\_\_ / \_\_\_\_\_ Date \_\_\_\_\_

Name/Stamp \_\_\_\_\_ Phone \_\_\_\_\_

Office Address (Street, City, State, Zip) \_\_\_\_\_

**To be completed by the Student:**

*I understand that in certain situations I may be required to provide a copy of my History & Physical to a clinical affiliate partner at their request, per the clinical and field contracts. An example would be a review of the institution by an accrediting or oversight organization (i.e. NCOEMS, CoAEMSP, CAAHEP, OSHA, etc.). I also understand, and agree to maintain my health during my enrollment in the EMS program, and to seek assistance when needed, knowing that a failure to do so may compromise the health and safety of the patients in my care.*
